

## TRUCKING BOOT CAMP PROVIDES INTERACTIVE INSTRUCTION

News August 2022

Bryan Price recently attended a Trucking Boot Camp hosted by Werner Enterprises, Inc. for USLAW NETWORK attorneys. This hands-on experience is designed for attorneys to receive classroom interactive instruction from people who are fully engaged with the motor carrier industry. Attendees even had the opportunity to get behind the wheel. Education at this level is another reason our attorneys are prepared to offer on-scene assistance, manage investigations, track witnesses, and ensure prompt evidence collection.
